Hi Everyone,

Can you please replace the comment document that I sent earlier today with this one? There were a few last minute edits that came from the glyphosate folks.

Hope I haven't confused you.

Thanks!

Meghan

Hi Emily,

I've attached a draft of EFED responses to the public comments that were received on 2,4-D choline salt. They are ready for RD and OGC input. In fact, there are several places where we've specifically asked for help!

Looking forward to receiving more input and working with you to finish this up.

Thanks!

Meghan
